• Pavement grout •

POX-S rotation mixer

- Handy and mobile mixer with fixed mixing tool and rotating mixing bucket
- Mixing effect through rotating mixing bucket
- The edge and floor wiper reinforces the mixing effect while preventing material deposits on the side of the mixing bucket
- Highly mobile thanks to compact design and light weight
- A transport trolley is available as an accessory for transporting the buckets, no more hauling necessary
- Ideal for compact and plastic mortar, screed, plaster with grit additive and lean concrete
- The practical assistant for bricklayers, screed layers gardeners and landscapers, restorers, etc.

POX-S mixing tool

Additional accessory: Transport trolley

Scope of delivery

Material (weight without the addition of water)

POX

Earth-moist concrete -16 mm grain size (up to 30 L)	+
Concrete 16 mm grain size (up to 30 L)	+
Cement screed (up to 35 L)	+
Universal mortar (up to 40 L)	+
Synthetic resin screed	+
Lightweight masonry mortar (up to 25 L)	+
Cement plaster (up to 40 L)	+
Gypsum plaster (up to 40 L)	-
(Prebagged) loam rendering without fibres (bis 40 L)	-
Heat insulation plaster (up to 30 L)	+
Natural stone mortar/cobblestone mortar (up to 30 L)	+
2K pavement grout (up to 1.2 mm, up to 30 L)	+
Medium bed mortar (up to 25 L)	-
Tile adhesive(flexible mortar up to 25 L)	-
Grout (up to 25 L)	-
Floating screed (up to 40 L)	-
Thin-bed mortar, flat stone adhesive (up to 30 L)	-
Creamy plaster types (up to 40 L)	-
Bonding agents as rendering base (up to 30 L)	-
Joint-sealing compounds (up to 30 L)	-
2K sealing slurry (up to 30 L)	-

Technical data

Mixing quantity:	up to 40 litres
Bucket capacity:	65 litres
Rotary plate output:	0.75 kW / 230 V
Bucket speed:	50 rpm ⁻¹
Weight (empty):	48 kg
Dimensions:	60 x 82 x 77 cm

POX-S item no.:	37124
POX mixing tool item no.:	70190

Additional accessory

65 L mixing bucket item no.:	60403
Transport trolley 65 L bucket item no.:	70183
